

9/27/2024

Dear Springfield Estates Families:

The Early Release Mondays planned throughout the school year for elementary schools are essential to allow educators time for planning and professional development. Students will be dismissed 3 hours early seven times throughout the school year and are encouraged to return home via their normal route. However, we understand there may be a childcare hardship because of the early release Mondays for many of our families. To resolve these concerns, student supervision will be available for families who need it.

**The Early Release Monday for Springfield Estates is October 21.**

***SACC will be available to those students currently enrolled in SACC.***

**To help plan for our school's childcare needs this day, please complete this form:**

<https://forms.gle/sKViheBaD3EfB88o8> for **each** of your children who are enrolled at Springfield Estates Elementary.

This form is for Springfield Estates only. If you have a child at another FCPS school, please use their survey form. Previous survey responses will not be used.

**If you have multiple children, you will need to submit multiple forms.** Staff will confirm the after-school supervision plan for each student.

Sincerely,

April Martin, Principal

Springfield Estates Elementary
